

Mastering Mixed Media

Color Crush Art Journaling with my Favorite Supplies with Andrea Garvey

Join me for a playful and inspiring journey into mixed media art as I share my "favorites" with you! In this class, we'll dive into my three favorite colors—magenta, pink, turquoise, and violet—and explore how to mix them to create vibrant, harmonious palettes. I'll also introduce you to my go-to art supplies: Posca paint pens, NeoColor II wax crayons, and Nova Color acrylic paints.

Together, we'll create a stunning abstract background and layer it with techniques for layering, mark-making, and adding those magical finishing touches. This class is perfect for artists of all levels who want to explore color, embrace their creativity, and leave with a piece of art they love!
