

MASTERING MIXED MEDIA EXPO 2025

SUPPLY LIST

“Weaving and Watercolour” By Heather McMahon

What you'll need:

- The three free pages of printables attached to this list, printed.
- Two sticks, roughly 22cm/8.5 inches long and 1.5cm/0.5 inches thick. They can be longer than this but not shorter.
- Strong double-sided tape in a narrow size, around 3mm, and a wider size. Red tape is ideal.
- One piece of watercolour paper approximately 19 x 8cm/7.5 x 3 inches.
- Mid-blue watercolour paint to match the printed papers, plus a brush and water.
- Strong black thread – not sewing cotton. It should be between the thickness of sewing thread and string. Plus a needle to fit the thread.
- Black ink pad.
- Scissors, sticky tape, glue.
- 5 headless matches. Similar length pieces of wooden skewers or toothpicks could also work but matches are preferable.
- Optional – beads in colours to match the artwork with holes large enough to thread your needle through, black pen, machine stitching.

Free pages of printables: Class participants can download the papers for this class for free. Go to www.artstacks.com.au/shop, find the “Free Printables” category, order the class papers then use the coupon code YW2NBJWJ at the top of the checkout page.

Many, many thanks to artists Tamara Laporte, Birgit Koopsen and Tracy Verdugo for allowing me to use images from their ArtStacks papers in this project. You can see their packs at www.artstacks.com.au/shop
