

A watercolor illustration featuring a bright orange cat and a yellow owl with a blue stripe on its head, both with pink cheeks and closed eyes, snuggled together in a yellow crescent-shaped nest. The nest is set against a dark blue night sky with a large, pale full moon in the top left corner. The background is filled with stylized, colorful trees in shades of green, purple, orange, and pink, each with white branch outlines. The bottom of the image shows a dark blue area with white, wavy lines representing water or a forest floor.
